WONDERMENT.
You drive into a maple tree
A little wooden lap.
You put a pall below, and see
A flow of maple sap.

And that is just what puzzles me.
Why can't you drive a spout
Into a budding apple tree
And get sweet cider out?

VOTING IN A BUCKET.

Unique Way of Electing Chief of Police at Catlettsburg.

The Democratic election authorities at Catlettsburg have evolved a novel plan for choosing a Chief of Police for that city.

On Saturday, May 30th, between 4 a. m. and 10 p. m., a canvass will be held, the early beginning and the late ending giving every reasonable opportunity for a full vote.

Each candidate will be allowed to select a man from each Ward in said city to canvass said Ward and to receive from each Democratic voter one ballot to be then and there voted and at once deposited by the said voter in a bucket with a covered top for the candidate of his choice.

All Democratic voters and those that will be entitled to vote in the November election, 1903, shall have the right to vote in said canvass—and bucket.

Too Great a Risk.

In almost every neighborhood some one has died from an attack of cholera or cholera morbus, often before medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for any one to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon. For sale by J. J. Wood & Son, Druggists.

Cartmell extracts teeth without pain.

The Haymakers Band will go to Paris Wednesday to help in the Street Fair.

Harrison County will vote on issuing \$25,000 worth of bonds to repair pikes.

Elder Carey Morgan will enter on his duties as Pastor of the Paris Christian Church the first Sunday in June.

We are not the only people who sell monuments; but this is our home and we do good work, so ask your patronage. MURRAY & THOMAS.

Go to O. H. P. Thomas & Co., 120 and 122 Market street, Maysville, Ky., for "Old Time" Bourbon and "Old Maysville Club" Rye. Sold direct from the Distillery by the quart, gallon or barrel. Goods guaranteed.

W. R. Smith & Co. will on June the first open up in this city in the building now occupied by Cloney & Perrino, Jewelers, with a complete line of Shoes for Men, Women and Children. They respectfully solicit your patronage.

That's What They All Say!

Said a gentleman who bought one of our Wool Crash Coat and Pants yesterday, "I did not expect to find as perfect fitting garment ready made as these." Upon telling him the price of the suit he inquired if the material was all wool. It was quite difficult to make him believe it was on account of the low price we sell them for.

No house in the state shows as elegant line of Crashes as we do. We want you to see them.

The weather is getting right for our Soft, Comfort-Giving Shirt. Try our "Faultless." You commit a fault if you don't. It's the best dollar shirt in the world. Were there a better we would not have these.

The Best for Our Patrons is Our Sole Aim.

Our Clothing Department is becoming jealous of our Shoe Department. We put shoes in our store for a side issue. We wanted Maysville to have the reputation of selling as good shoes as she sells clothing. Like our Clothing, we bought the "Best." Consequently, we are running away with the "Good Shoe Trade" of the county and city. Our Douglas \$3 and \$3.50 Shoes are warranted to give satisfaction or the money back. No risk in buying Shoes here.

THE HOME STORE. D. HECHINGER & CO.

Put On Your Thinking Cap!

Take up the question of P. N. Corsets. Do you think they could have attained such enormous success if they had not possessed every merit claimed for them? Do you think thousands of women would wear them if there was a better dollar corset in the market? Do you think the sales of P. N. Corsets would have grown so wonderfully and rapidly, if women were not so enthusiastic about them, buying them repeatedly and urging their friends to do so? Do you think dozens of P. N. Corsets could be sold by us every week, if anything could be said against them? They are unequalled for all figures, as we have models to suit the stout, the plump, the slender, the lean. We have corsets for more than a dollar and less than a dollar but one dollar marks the popular price in this locality and the P. N. leads the van.

For Immature Figures!

Have you tried a tape girdle? They emphasize curves that are and make them where they are not. 50c, 75c, \$1. Broad silk corset laces, four yards long, 25c. Women acquainted with the comfort and wearing qualities of silk laces will use no other.

Richard, to try a box of Chamberlain's Stomach and Liver Tablets. He did so, and is a well man today. MISTAKES....

Of other people are danger signals to the wise. Every time a mistake is made somebody learns something. In shoe buying it is important to know about your purchase ---that your money is getting for you its full measure of quality.

You make a big mistake when you buy "real cheap" things---shoes in particular. As a rule, the less you pay the more it costs in the long run.

Observe, please, that we do not boast of "cheap" prices, and still, quality considered, we sell dependable footwear at figures that ought to interest careful buyers.

It's up to Governor BECKHAM to say whether his henchmen in Breathitt county shall continue their murderous work, or whether they shall give way to officers who will enforce the law.

With the Hon. AUGUSTUS E. WILLSON of Louisville as the candidate for Governor, and the BRADLEY and the HUNTER forces pulling together, the Republicans can carry Kentucky like HARPER ran his horses. Now, let's quit fighting the enemy our friends, and turn the guns on our friends the enemy.

THE motion for a writ of prohibition requiring Judge CANTRELL to vacate the Bench in the Caleb Powers case will be made before the Court of Appeals tomorrow by the Commonwealth. It is believed at Frankfort that Circuit Judge BENTON of Winchester will be asked to try the case in the event Judge CANTRELL is required to vacate.

A FEW days ago a couple of Breathitt countyans swooped down on Lexington to see the Government Building, the Courthouse, The Leader's new Printery, Colonel SAM ROBERTS and other notable features of the Bluegrass Capital. Incidentally, of course, they took a few whirls at the jug when it was redheaded, and on their return to Jackson by way of Winchester, they probably added to the Lexington product some of Bro. PENNY's kind. At all events the booze began to work at this point, and the gun-mounted gentlemen from Jackson had fun as long as their ammunition lasted and there was any glass left in the car windows. They were finally arrested and lodged in Jail at Stanton.

"CURT." JETT, arrested for the assassination of Attorney JAMES B. MARCUM, and who has been in Jail in Winchester, is quite anxious to be turned over to the "proper" authorities of Breathitt county, which means County Judge HARGIS and Circuit Judge REDWINE, the latter of stinking memory. "CURT." knows his "friends," and he knows a trial before either of these official worthies will mean his prompt liberation and a license to continue the assassination business.

JUDGE BENTON of Clark county appears to be a man of considerable anagosity. He deliberately "blocked the game" of Breathitt county's official murderers, or murderous officials, as the case may be. When "CURT." JETT, the accused assassin of Attorney J. B. MARCUM, was arrested in Madison county he was taken to the Clark County Jail. Then his lawyers came down from Jackson, fixed up habeas corpus papers, and wanted him at once turned over to the Breathitt county officials. The plain reason for this was that these officers, who are up to their eyes in blood, would have turned him loose at once. But Judge BENTON said Nay. And "CURT." is still in Jail at Winchester. If he is taken back to Jackson at all, it will be only for the purpose of getting a change of venue, that he may be tried in another county. Hair-splitting lawyers argue the illegality of Judge BENTON's procedure; but there has already been too much harping on "illegality." What is wanted is a good deal less "lawyer talk," and a good deal more hanging.

Political Pickings

BILLY WON'T LEARN.

Philadelphia Public Ledger.

Mr. Bryan, Populist and ex-Presidential candidate for two runnings, dies with uncommonly little grace. He seems not to know what a hopeless case his own is, and how all the King's horses and all the King's men will fail to set him up again on a pinnacle in the public estimation. His latest fling is directed at Mr. Cleveland, whose recrudescence in the favor of his party is viewed with jealousy by the Nebraska commoner. It was not Mr. Cleveland who defeated Mr. Bryan for the Presidency when he twice offered himself for that office, but the American people.

River News

The Henry M. Stanley will be up tonight for Pomeroy.

The towboat Enterprise of the Menongahela Coal Combine is lying at the bottom of the Ohio river at the head of Phillis Island, having struck a rock late Wednesday night.

Captain Pritchard, who for the last eight years has been acting as Chief Clerk on the Kate Adams of the Lee Line, running in the Memphis and Arkansas City trade, shipped on the Rees Lee in charge of the office. Although many years in the river business, this is Captain Pritchard's first time up the Ohio river as far as Cincinnati.

Pilot Jim Kay of the steamer Tarascon, one of the most experienced navigators in the Louisville region, declares that he never knew a place in any river that is as puzzling as the "swift place," located between the mouth of the Canal and the Kentucky and Indiana Bridge. It is so swift that as large a volume of sand is carried as of water, it being so thick it can plainly be seen rolling as it goes, while here and there on the surface large coils of sand and water roll in ringlets, and just where the sand settles to the bottom nobody has as yet discovered.

At Pittsburgh, Judge J. D. Shafer handed down an opinion upon a question of law raised in the case of Edward Schneider against the Menongahela River Consolidated Coal and Coke Company. The plaintiff was awarded damages for the destruction of a steamboat subject to a question of law reserved. The circumstances of the case are unusual. A crew of a boat belonging to defendant company discovered a snag in the Allegheny river. It was then marked with buoys. Later the buoys were removed and the snag was removed by the defendant company and was dropped in deeper water. A boat owned by the plaintiff was wrecked by coming into contact with the snag and suit followed. The Court says that it is of the opinion that when the defendant company removed the snag which was marked by Government officers so that navigators could avoid it and put it into another part of the river, over which boats were liable to pass at any time, and left it unmarked, such conduct was negligence. The verdict is sustained.

Dr. Dupree has found from investigations made in Louisiana that the eggs of mosquitoes are often hatched months after they are laid, especially if deposited in ponds which subsequently dry up. He concludes that the extermination of mosquitoes by oil or by otherwise treating ponds during March and April is needless, as the hatching is going on all the time.

The electrical fan is increasing in popularity as a purveyor of comfort, both at home and in the equatorial regions, so that the American output for the coming summer is estimated by Electrical World at 150,000. Not only does it serve to mitigate the heat of summer, but in a great many instances it answers the purpose of sanitation and ventilation so economically and efficiently that few other appliances can compare with it.

ASK YOUR NEIGHBOR.

Hundreds of Maysville Citizens Can Tell You All About It.

Home Indorsement, the public expression of Maysville people, should be evidence beyond dispute for every Maysville reader. Surely the experience of friends and neighbors, cheerfully given by them, will carry more weight than the utterance of strangers residing in far-away places. Read the following.

Mr. C. L. Hubbard, dairyman of 325 West Third street, says:

"I have the greatest faith in Doan's Kidney Pills. The use of less than one box ended a disturbed condition of the kidneys and an inflammation of the bladder. After some time it returned but in a lesser degree and I procured another box of Doan's Kidney Pills at J. James Wood & Son's Drugstore. Use of it substantiated the opinions I had already formed of this effective preparation."

AN EMPHATIC ANSWER

To all of that "Tommy Rot" that the Trust men have been feeding you! They were only "Guying" you! They are paid to sell you Trust machines at a big price! They have to offer some excuse for trying to sell you a light-weight, cheaply-constructed and inferior Binder at an advanced price! They dare not admit the truth! If they did no one would buy a Trust machine. So they all tell you that a Minnie Binder is "no good," while we tell you it is the best one on earth. **READ THIS STATEMENT AND DECIDE FOR YOURSELF WHO HAS LIED!** Some one is guilty!

FEESBURG, OHIO, April 21, 1903.

This is to certify that I have owned and successfully run for seventeen years a Minneapolis binder which has at any and all times given me complete and absolute satisfaction. This binder that I own—seventeen years old—is a matter of neighborhood gossip. The entire neighborhood knows just what this binder has done, as during that time I have continually cut wheat for my neighbors. This binder has been all over the neighborhood in the past seventeen years; has cut any and all kinds of grain, over any and all kinds of land, and is absolutely nonchokable. The same canvasses that were on the machine when I bought it are there yet, and I challenge any other binder to show a record of as many acres cut as this machine has cut, seventeen years old. I have practically spent no money for repairs upon this machine all during this time. Other binder companies knowing the age of this machine have all sent their salesmen to sell me a binder of some other make. To each and all of these agents I have made one, and only one reply, you could not give me anything but a Minneapolis binder. If anyone doubts the assertions made in this statement, they have only to ask any farmer in our neighborhood. There are some young farmers living in our neighborhood who remember distinctly that this binder cut their father's harvest before them. I wish to say to my brother-farmers that if they ever own a Minneapolis, they will own an Acmec of perfection in binder building.

My address is Feesburg where I can be found at any and all times and I solicit communication in person or by mail by man, woman or child who is interested in this matter.

Very respectfully,

LOUIS LOVE.

Gentlemen of Mason county: Mr. Love's old Binder is here in front of our store upon exhibition. Mr. Love only lives fifteen miles from Maysville. You can call upon him and his neighbors and see what this old Minnie has done. This old machine is guaranteed to yet cut 100 acres of grain. Come and look at this old warhorse; see the excellent condition it is yet in! Look at the gear and cog wheels and learn for yourself the excellent grade of material which goes into the construction of a Minnie Binder.

BE A MAN OR A MOUSE!

Take your stand now either for the great Binder Trust or for John I. Winter, The Price Fighter. Remember always that there is not a Trust article in our stores.

Total time consumed, 1 hr 50 m. Actual cooking time, 1 hr 50 m. Gas used, meter test, 61 9-11 feet at 61 per thousand, cost 82c. Saving, gas over coal, in time consumed, 50 minutes.

CLOTHING TALK!

There is something about the Hart, Schaffner & Marx Clothing by which you may identify them even more certainly than the label. It goes into them before the label. It is a style, a quality, a tailored-by-hand touch to them, a harmony of fabrics, trimmings, etc., a thoroughbred look about them never found in other clothing. The fact that we can't define it doesn't make it any less real. You can see it without fully realizing what it is. We can't show it or tell you fully about it until you wear the clothes. Then we won't need to. This incomparable line is for men and confined to us.

But we have provided as well for the boys and children. We invite inspection and comparison of both goods and prices.

OUR MERCHANT TAILORING DEPARTMENT, under the supervision of Mr. Charles F. McNamara, is the only one in the city paying Union prices and having all work done at home. Ask to see one of our made-to-measure Suits. You can get them cheaper elsewhere, but not like ours. Let us show you our new Shirts, new Hats, new Neckwear, etc., etc.
